Continued strong performance during 2021

The Service has continued its impressive performance in 2021 with another quarter of timely repayments and robust underwriting of new loans, generating strong returns for investors. Whilst the situation regarding the Covid-19 pandemic persists and the future remains impossible to predict, we continue to consider that the Puma Heritage Ltd loan book is well positioned to withstand potential disruption and resulting economic impact.

5 loans repaid: We are pleased to report that 5 loans were repaid in full during the quarter, bringing loan repayments in 2021 to 15. Despite the challenges posed by the pandemic, full repayment of capital has been achieved in every case.

Overall loan book well positioned: The Puma Heritage Ltd loan book has maintained a conservative weighted average loan to value of 63% with all loans benefitting from first charge security, as well as typically additional cover in the form of third-party guarantees. Furthermore, several of the loans benefit from known exits in that the assets have been forward sold to institutions with such sales to complete once the assets have been constructed. We are pleased to report that the loan book continues to be well diversified both geographically and by sector.
